+ interior design & architecture + furniture design + 3D rendering + graphic design + photography

experience

- + Solomon Group, New Orleans 2/2015-present
Assistant Project Manager/Technical Draftsperson
Oversight of material purchasing, scenic fabrication and installation at high profile events and exhibits. Technical development of shop drawings for the fabrication team.
- + Blitch Knevel Architects, New Orleans 5/2015-2/2016
Louisiana Registered Interior Designer #1456
Development of floorplans and finish specifications for interior healthcare, education, and private sector spaces. Production of finish details, schedules, and plans for construction.
- + Chandler Pierce Architect, NYC 8/2011 – 5/2015
Designer/Project Manager
Coordination of commercial and residential interior renovations via design development, project budgeting, construction documents, finish specifications, permitting, construction administration and client communication.
- + BROOME 53, Inc., NYC 8/2011 – 5/2015
Designer/Project Manager
Design development for custom furniture and facilitation of fabrication for residential and commercial clients. Projects range in size from one-offs to outfitting full floors. Coordination with local and overseas manufacturers, preparation of shop drawings, pricing, scheduling, and oversight of installations.
- + Sami Johnson Design 5/2011 – present
Freelance Designer
Commision work including 3D interior and exterior renderings, graphic design for print and web, presentation, construction and fabrication drawings, logo design and photo editing.

special projects

- + Pratt + Paper & Ralph Pucci 8/2010 – 5/2011
Paper garment and sculpture competition for Pratt design students. Sculpture designed and built in collaboration with another interior design student. Hand selected for final show.
12/2010 Award for Best Sculpture Overall
1/2011 Displayed in Macy's windows @ Herald Square, NYC
5/2011 Project featured in Interior Design Magazine
- + Pratt & Ecole Boule January 12–15, 2011
Selected by Interior Design department chair to participate and lead a group in a 3-day lighting design workshop and presentation with visiting design students from Paris, France.
- + 1702 – Living Laboratory (Green Dorm Project) 5/2009 – 8/2009
Collaborative cross-disipline design project to develop a system to reduce the carbon footprint, including the repurposing of existing dormroom furniture to be more efficient, ergonomic, and contemporary.
